

Dear All,

Welcome to CSMD's October Newsletter. You may already have noticed the new logo at the top of the page. This is just part of our new image. We now have a brand new website which looks very modern and neat. Not only that but we have upgraded our support system, to provide better levels of support as part of our easier to use website. We also have details of a new special offer for customers offering 25% off as part of our re-launch.

New Website:

The new website, which can be seen at the left of the page (<http://www.csmd.co.uk>) has been in development for a couple of months now. We felt the old site was looking very dated and that we needed something new and modern. So at the same time we decided to re-brand the products with a new logo and colour schemes. We have also simplified the site so that you can get to information more easily. The purchase section of the website, is faster and more stable than ever before, with support for PayPal and Google Checkout. This gives you the option to purchase using your prefer payment method, however the option to pay via cheque still exists for all customers. We now also have an online library of CSMD releases, so you can always roll back a version if you don't like the features in the newest versions. The support section of the site also has a new look, with a search feature to find the answer to your question more quickly. The support section now contains FAQ's Downloads and Articles, however this is a work in progress and over the next few weeks you will see this section fill up with more and more content. Customers also still have the option to leave support tickets if you are having problems with our software. All in all the new website should be better for all our customers and mirror the image of our high quality software. If you have any comments or find any problems with the site then please don't hesitate to contact support@csmd.co.uk with your comments. We look forward to hearing from you.

Current Offers:

This month we have an excellent new site launch offer. We are offering 25% off all our products. On the purchase pages of the website, just enter CSMD0725 as the promotional code to automatically remove 25% from the total price of your purchase. This offer will only be available for a limited time. If you are wanting to pay by another means then please email sales@csmd.co.uk with your order information, we will then add the discount automatically.

Well that's the end of another newsletter, we hope you enjoy the new look website, and keep checking it for software updates etc.

Until next time,

Kind Regards

WJPS Team
