

Dear All,

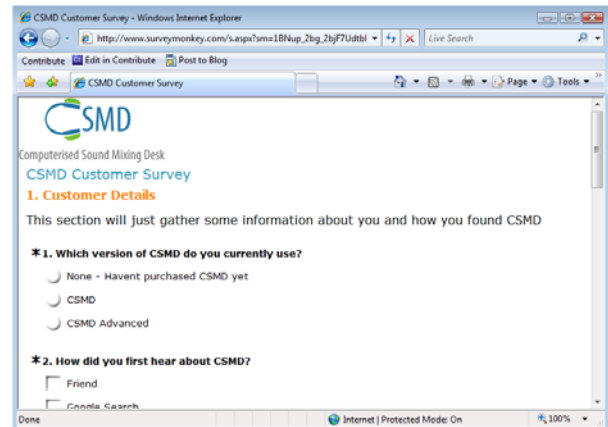

Welcome to Mays CSMD Newsletter. This month we have more news for you regarding the latest releases of CSMD Advanced and the chance to win one of two fully packaged copies of CSMD Advanced absolutely free. If that isn't enough of an incentive to read on I don't know what is! Also this month we have details of some portability integration into CSMD Advanced.

Win a copy of CSMD Advanced (Fully Packaged):

During May we are conducting an online survey to find out what New and Existing customers think of our products and services, and to see where we can improve to make the CSMD experience even better. Our short questionnaire should only take between 5 and 10 minutes to complete, and all data will be kept internal in WJPS and used to the specific purpose of finding out more about our customers. The survey can be completed online now.

[Click to Complete the Suvery](#)

Once you have completed the survey you will be entered into the free prize draw to win one of two Fully Packaged Copies of CSMD Advanced delivered directly to your door. In order to qualify you must provide an email address as part of the questionnaire. If you wish to remain anonymous but still complete the questionnaire you will not be entered into the free prize draw. The survey will run from 29th April until 31st May with the winners being announced during the first week of May.

CSMD Advanced Portability:

One of the updates we are currently incorporating into CSMD Advanced is the ability to save and load playlists from portable devices such as memory sticks and external hard drives. Our original attempt at this failed due to over complication by trying to make the application run from a memory stick too. This time you will need to have the software installed on the PC but should be able to take playlists from one venue to another on a portable device, along with the track files. A beta version should be available soon, and a notice will be posted on the website when this is available.

Well that's the end of another newsletter. As always we enjoy hearing from our customers so if instead of completing the survey you would just like to drop us a line then we are always willing to hear your comments.

Until next time,

All the best.

WJPS Team
